

REMARKS

Claims 1-23 are currently pending. Claims 1, 2, 4, 5, 7, 10-13, 15, 18-21, and 23 have been amended. New matter has not been added with the amendments to the claims. Applicant respectfully requests consideration and favorable action in this case.

Amended claim 1 is allowable because it recites "analyzing a plurality of database access statements that were issued for an application during use to determine previous accessed items and types of access for the application." Moreover, claim 1 is allowable because it recites "developing a role for the application based on the previous accessed items and types of access for the application, wherein when the application is in use by a user, the developed role for the application allows the user database access."

For at least the reasons previously mentioned in conjunction with claim 1, claims 2-9, which are dependent on claim 1, are also allowable.

In addition, independent claims 10, 18, and 23 recite similar features to claim 1. Accordingly, claims 10, 18, and 23 and their corresponding dependent claims are allowable for at least the reasons mention in connection with claim 1.

CONCLUSION

Applicant believes the amendments to the claims places the application in condition for allowance. Applicant respectfully requests favorable action in this case.

This reply is concurrently submitted with a Request for Continued Examination. In addition, Applicant requests a one month extension of time. If any additional extension of time is required, Applicant hereby requests the appropriate extension of time. Please apply the one-month extension of time fee and any other charges or credits to Deposit Account No. 05-0765.

Respectfully submitted,

Date: April 2, 2007
